

The Drexel Sierra Student Coalition is currently working with the university to increase its renewable energy purchase. We would like Drexel to use **15% wind energy** by this summer.

You can **attend our movie screening** of “Out of Balance” a documentary on ExxonMobile’s attempts to cover up global warming,  
**Thursday March 15<sup>th</sup> at 7:30 PM in Disque 103.**

**Sign our petition** and take our **survey** to show your support! The petition and survey will be presented to our president to let him know we students know that global warming is a serious issue and we need to **reduce our impact!**

If you want to help, e-mail us at
